5:30PM pick up	3:30PM-5:30PM	\$6,060/yr

It is standard that private schools adjust their tuition an average of 4-5% each year to reflect cost of living increases. At MAC, tuition changes start on September 1. We strive to be open and honest with families at all times, and we will inform families via email and our website when changes are made to our tuition and fees. These changes are typically voted on by our Board of Trustees in January for the next school year.

Fees and Other Information:

A non-refundable application fee of \$100 per child is due at the time the application is submitted.

Admissions Overview:

When a spot is offered and your family decides to accept a space at MAC, we ask for a \$750 nonrefundable enrollment fee with acceptance (\$500 is a one-time family enrollment fee, and there is a \$250 placement fee per child enrolling at MAC). Once enrollment is accepted, the parent(s) or guardian(s) will attend an Enrollment Orientation with our Director of Admissions. This is your time to ask any additional questions you may have; school policies, procedures, and routines are reviewed and general questions are answered.

Building Fee:

MAC is a large school and our building requires regular maintenance. A \$550.00 Building Reserve Fund fee is due upon enrollment of school and at the start of each school year for each family enrolled at MAC to ensure that our building remains a safe place for your children to learn and grow.
